

Our Journey So Far

Since 2016

MILESTONES ACHIEVED

2016

Built an **animal hospital** using ready-made precast material on **26,000 sq. ft. of rented land**

2017

Launched **Ambulances** for both small and large stray animals

2020

Established free **X-ray and USG facilities** For Stray Animals

2023

Established a free **pathology laboratory** for Stray Animals

2024

With the intention of **expanding**, purchased **91,000 sq. ft. of land** to build an animal hospital and shelter for Stray Animals

2025

Construction has begun on our own land

On a 91,000 sq ft land in Anand, Gujarat we are building

Animal Hospital & Shelter

PROJECT PROGRESS REPORT

RRSA RESCUE AND REHABILITATION OF STRAY ANIMALS FOUNDATION-RRSAININDIA
An Animal Welfare Organisation
Anand, Gujarat

1

PROJECT PROGRESS

Purchased the land and took custody of it.

2

PROJECT PROGRESS

The land was measured, and boundary markers were placed.

3

PROJECT PROGRESS

An electricity connection was obtained

4

PROJECT PROGRESS

Soil testing was done, and the report was collected.

5

PROJECT PROGRESS

A cabin was set up to ensure the cement and other materials could be stored securely.

6

PROJECT PROGRESS

A borewell was drilled to get consistent water supply

7

PROJECT PROGRESS

A 3000-liter water tank was fixed in place

8

PROJECT PROGRESS

CCTV cameras and WIFI were installed to monitor the construction site

9

PROJECT PROGRESS

A meeting was held with the architect and structural designer and the architectural plan for the animal hospital and shelter was prepared.

10

PROJECT PROGRESS

Construction materials were ordered.

11

PROJECT PROGRESS

started phase-I construction of 1650 feet long and 7 feet high boundary wall

12

PROJECT PROGRESS

1650 feet long and 7 feet high boundary wall work is completed

13

PROJECT PROGRESS

Soil filling and leveling work is completed

Phase 1 construction is complete, and all preparations are done to carry forward Phase 2 construction

Phase 2 Construction

Currently, we are raising funds to construct the Animal Hospital's main building and animal admission areas
